

ISO 9001:2015	QS2 QUALITY POLICY	Rev3, 30/09/2016
---------------	--------------------	------------------

The Company policy is to sustain responsible commercial success as a consultancy engaged in process optimisation through resource efficiency. The company provides low carbon consultancy and technology support on a regional and national basis.

The top management are fully committed to satisfying all applicable requirements and providing the direction, guidance and resources to implement a management system throughout the organisation in accordance with the requirements of BS EN ISO 9001:2015.

To achieve this top management will:-

- communicate throughout the organisation, the importance of the quality policy and the management system in meeting customer requirements.
- generate systems of continuous improvement across the whole company.
- improve the performance of individual members of staff and ultimately the organisation as a whole.
- agree standards of performance with clients to establish and satisfy client's needs.
- secure client and third party approval to demonstrate the capability of the quality management system.
- provide a framework for establishing and reviewing quality objectives.
- monitor and review the quality management system on a regular basis to ensure the continual improvement of the system and achievement of the companies quality objectives.

The quality policy will be available to relevant interested parties via the companies website.

Nersi Salehi

Managing Director.
